

IMPORTANT SAFETY NOTICE REGARDING TRANSPORTATION OF DETONATORS

The following instructions are in accordance with Work Activity Risk Assessment 9-32,
document number 60890212

Detonators must be transported in vehicles in Locked, Approved
containers, which are secured to the vehicle.

This is to ensure that people and detonators have a separated zone.

Detonators **MUST NOT** be
transported in Estate or
Hatchback vehicles or
motorcycles.

Do not transport in glove
boxes or door wells.
