

# OUR SAFETY WORKSHOPS

SPRING  
2016

Everyone home safe, every day

*Safety is our Number 1 priority but we're still not sending everyone home safe, every day!*

You've told us that our safety culture is moving in the right direction but that we still have a long way to go.

You've also told us that the workshops are a great way for us to give everyone the chance to **spea**k, **listen and learn** about what we need to do – and are doing – to improve the safety culture on the Wessex Route.

*Based on the feedback that you've given us this next round of workshops will cover*

**Safety Leadership** – What does it mean to be a leader of safety?

**Risk Awareness** – How can we be more aware of the risks around us, especially when it comes to vehicles?

**Fair Culture** – This was the most popular session at the last round of workshops and we know just how important this aspect of our safety culture is. This time we'll get the view from our Union Safety Reps.

*Please make every effort to attend and encourage your teams and colleagues to do the same.*

*This is a great opportunity for everyone to help make sure that we get  
Everyone Home Safe Every Day.*
