## “TAKING THE LEAD”

This round of workshops will be focused on improving our safety in the following areas:

### Leadership, Planning, Responsibility

The sessions are going to be interactive and a great way for everyone to have their say as well as listen & learn about what we do and what we need to do to improve safety on our Route.

Please make every effort to attend and encourage your teams and colleagues to do the same. This is a great opportunity for all of us to make sure that we get **Everyone Home Safe Every Day**.
