

Front Line Safety Challenge 2018: Slips, trips and falls

Slips, trips and falls was our top accident last year, causing over **550** injuries - nearly **half** of which resulted in time off work. It can happen to anyone, whether you're on site or in the office.

The challenge is to think of ideas to prevent slips, trips and falls. It could be a new or improved product, process or initiative. The winning idea will be rolled out nationally.

You can submit your ideas by **28 September**. Go to the Front Line Safety Leaders Group page on Connect for details.
